

## **IMPORTANT NOTICE TO ALL APPLICANTS ABROAD APPLYING FOR A SOUTH AFRICAN POLICE CLEARANCE CERTIFICATE**

Changes to the application procedure for South African Police Clearance Certificates prohibits any member of the public or courier company to submit their applications directly to the Criminal Record and Crime Scene Management Client Centre (generally known as the Criminal Record Centre – CRC)

In a meeting with a Colonel at the Criminal Record and Crime Scene Management office, we were informed by the Colonel that no permission will be granted to any individual or courier company to submit SA Police Clearance Certificate applications to the Criminal Record Centre.

It is noted that there are companies advertising on the internet that they have permission to submit Police Clearance applications directly to the CRC. The Colonel at the CRC confirmed that the company/companies involved are misleading the public and emphasised that no courier company or member of the public was granted permission to submit Police Clearance applications at CRC offices.

Since the change in the application procedure we have successfully submitted SA Police Clearance certificate applications to the SAPS on behalf of South Africans living abroad and the certificates finalized and issued by the Criminal Record and Crime Scene Management.
